Dear Kellie:

Part C of the Individuals with Disabilities Education Act (IDEA) requires the Baby Watch Early Intervention Program (BWEIP) to annually determine the performance status of local early intervention (EI) programs based on compliance and results matrix scores.

BWEIP has reviewed these data and determined the DDI Vantage Early Intervention Program level during Federal Fiscal Year 2022 (7/1/22 - 6/30/23) to be Meets Requirements.

If any Compliance Indicator does not meet 100% compliance, required by Part C of IDEA, the local EI program must write a corrective action plan. Please review the 2024 Part C Results-Driven Accountability Matrix and respond to me with your corrective action plan no later than July 29, 2024.
